

March 2021, the month of NetCOLOR !

NETwork on Coastal, Oceans and Lake Optics Remote sensing

Save the dates!

The **3rd National NetCOLOR meeting** will be held virtually.

For this occasion, we invite the research community, students and collaborators to come together for the month of NetCOLOR! Two hours virtual sessions will take place every Wednesday of March 2021 between 1p.m. and 3p.m. EST.

We invite you to submit an abstract on your research for an oral presentation (10 min) or a lightning talk video (2 min) by completing the form before **January 31st, 2021**.

The interactive format of the online meeting will allow distribution of prizes for participation as well as for remarkable presentations from students.

See instructions for videos and others details at www.netcolor.ca/meeting (the final agenda will be provided mid-february 2021).

You can submit your questions to claudine.ouellet@takuvik.ulaval.ca
